AGENDA

1. CALL TO ORDER

Chairperson McColl called the meeting to order at 2:02 PM.

2. ROLL CALL

3. ACTION/VOTING ITEMS

ACTION/VOTING ITEMS

Revised Program Proposal: A.A. General Studies
GENS, 61-63 credits

RATIONALE:

Changes to the General Studies A.A. Degree necessitated by changes to the General Education requirements. Rhode Island College requires one lab science course and the University of Rhode Island requires none. The second lab science requirement represents a burden for our thousands of General Studies students; therefore, we request the only change to reduce the lab science requirement from two to one within the General Studies general education requirements.

The committee voted 10 to 0, with 0 abstentions to **APPROVE** the proposal.
