T	5/10	all day	**Spring Symposium and Instructional Fair**	KN 4080	zoom
W	5/25	10:00-12:00	**Rubrics Workshop** - partnership with CIT	KN 4100	

What is an Instructional Fair?

An Instructional Fair is a chance for CCRI faculty to share innovative and effective research, activities, resources, assessments, and instructional strategies with their peers in poster format. This will also be a great opportunity to connect with colleagues and network with folks you don't get to see very often.

To learn more about the Instructional fair poster guidelines, please see this information sheet, 📄 and email cte@ccri.edu with any questions. Information sessions about poster ideas and creation will be held on Thursday, March 3rd from 1-3 and Monday, April 11th from 11-2:30. Interested faculty can also set up a one-on-one meeting to discuss their ideas and ask questions using this form.

What is an FLC?

A Faculty Learning Community (FLC) is a group of 6-12 faculty members from various divisions and departments who work together to learn together, enhance their teaching and learning, and build a community (Cox, 2004).
