

Anatomy & Physiology

ONLINE READINESS PROGRAM

Funded through the Perkins Grant

WHAT:

- **FREE** online, asynchronous program
(do the work on your own time each week!)
- Build the foundational skills and knowledge to excel in future Human Biology and Anatomy & Physiology courses
- Develop study skills, time management, basic math, biological terminology, cellular structure, and basic chemistry concepts
- Explore and learn details of future careers

WHY:

- Human Biology and Anatomy & Physiology classes are often prerequisites or required for Nursing and Allied Health programs
- These courses are fast-paced, rigorous, and can be very challenging
- Set yourself up for success ahead of time with this **FREE** online prep program!

WHO:

High school juniors and **seniors** who have successfully completed high school biology

WHEN:

January 22–March 10

OR March 18–May 5

Space is limited! Registration is on a first-come, first-served basis.

CONTACT:

For more information or to register, contact **Sandra Nolan**, sanolan@ccri.edu

“

“This is a great foundation to get us ready for what we’ll study in Anatomy & Physiology I & 2!”

“I’m walking away with a good amount of knowledge to be successful. Knowing all of these terms already is going to be super helpful and I’ll have a jump start before anyone else!”

”
