

Math 0239: Support Course for Math for Liberal Arts

Credit hours: 2 remediation (in-house) credits with a Pass/Fail grade scheme

Prerequisites: Math 0099 with a grade of C or better and concurrent enrollment in the Math 1139 course with the same section number.

Course Description

This course provides active support for students taking Math 1139 through the use of a just in time remediation approach. Students in this class will also be taking Math 1139 with the same instructor concurrently. The additional two hours per week is used to review and develop key mathematical skills necessary to fully succeed in Math 1139.

Course Objectives

1. Develop the critical thinking and study skills necessary for success in Math 1139
2. Make the transition from developmental mathematics to Math 1139
3. Reach a level of mathematical maturity necessary for success in Math 1139

Learning Outcomes

The learning outcomes for this course are identical to those of Math 1139. The purpose of this class is to allow students who might otherwise not be eligible to take Math 1139 to complete the course with added support. Students in this class will take Math 1139 for three hours per week in addition to attending this class for two hours per week. Instructors will use the additional time to provide supplemental instruction, review difficult concepts, help students with homework and answer student questions.
